Welcome Message

At YoungMinds, we're dedicated to helping restaurants succeed with smart technology. Our software makes restaurant management easy—whether it's handling orders, tracking inventory, improving customer service, or analyzing data. This allows restaurant owners and managers to focus on what they do best: serving great food and creating memorable experiences, while our software takes care of the rest.

We know running a restaurant comes with its own challenges, which is why our platform is simple, reliable, and designed to grow with your business. Our goal is to make your operations smoother, more efficient, and ready to thrive in today's fast-moving market.

At YoungMinds, we believe in innovation, teamwork, and delivering solutions that are customized to help your restaurant succeed.

About Us

"RESTOSOFT IN", a flagship product of YoungMinds, is designed to digitally transform your restaurant operations. Our advanced ERP software streamlines your processes, offering insights into operations, inventory, income, and profitability.

Price Worthy: Competitive pricing for great value.

All Language Support: Multi-language support for diverse clients.

11 Years of Experience: Years of expertise to serve you.

Timely Updates: Regular updates with latest features.

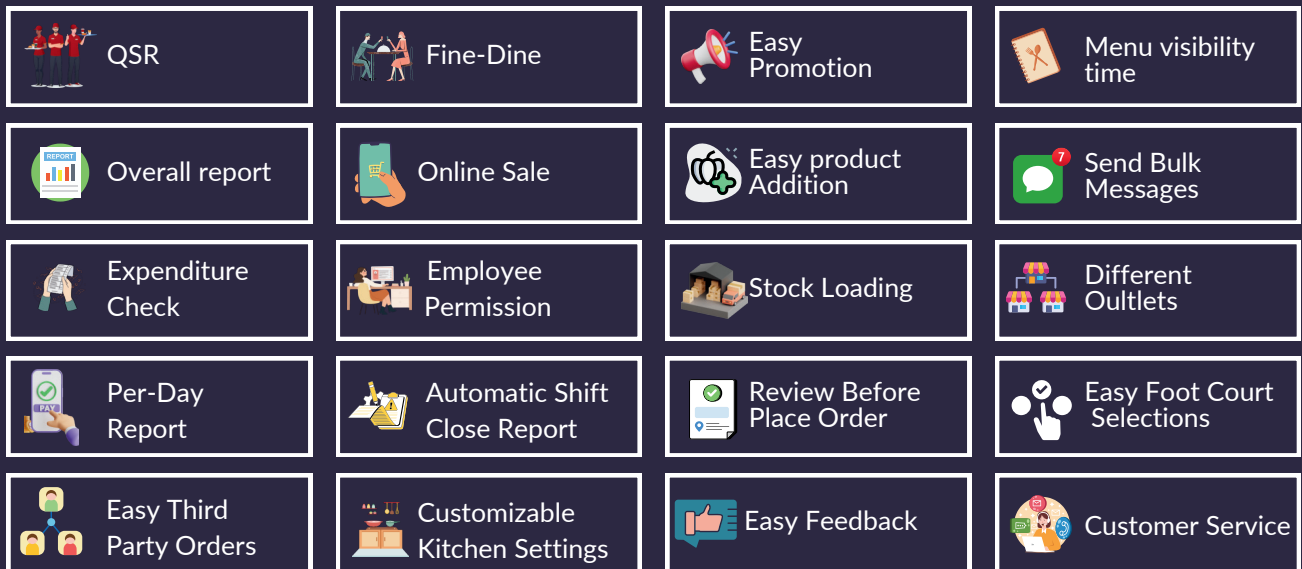

Assured Client Satisfaction: Dedicated to exceptional service and support.

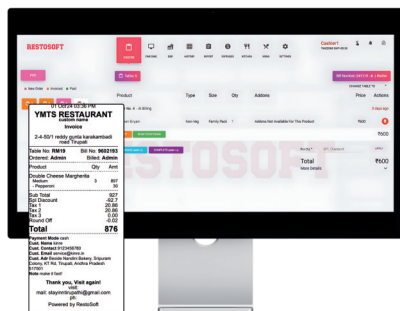

24/7 Services: 24/7 support for all inquiries.

Core Modules:

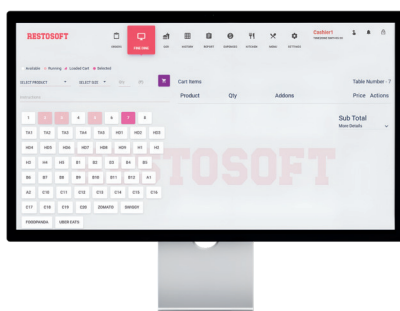

Flexible POS Billing Made Easy:

Effortless Billing with Custom Invoices

Streamline your billing counter operations with RESTOSOFT IN, the ultimate POS solution tailored for efficiency. Create personalized invoices with your logo, prepare bills in seconds, update customer details seamlessly, and enable smooth QR code payment processing. Designed to meet your unique business needs, RESTOSOFT IN transforms billing into a hassle-free experience.

Effortless Table Management

"RESTOSOFT IN" revolutionizes restaurant operations by simplifying table setup and dining area organization. Seamlessly configure menus, taxes, and seating arrangements with unmatched flexibility. Perfect for both single-location eateries and multi-branch establishments, our solution ensures smooth operations and a superior dining experience.

POS for Simplified Inventory:

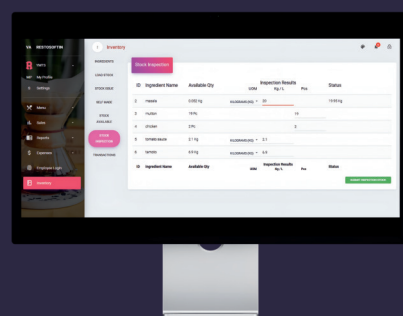

Boost Inventory Control with RESTOSOFT IN

"RESTOSOFT IN" empowers you with seamless stock management. Minimize errors, streamline data entry, and keep accurate records effortlessly. Track your inventory in real-time, ensuring optimal stock levels and improved operational efficiency.

Efficient Stock Inspection for Precise Inventory Control

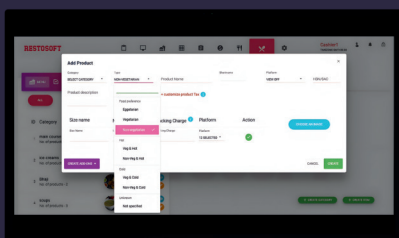

"RESTOSOFT IN" empowers restaurant owners with real-time stock reports, providing a clear view of inventory usage. Track, manage, and optimize stock effortlessly through your secure login, ensuring accurate inventory control and better decision-making.

Easy Restaurant Menu Management

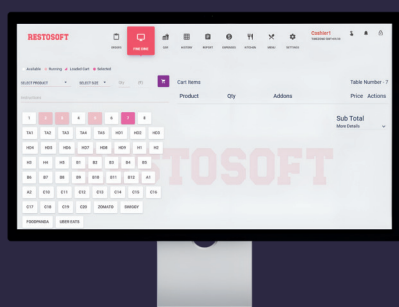

Create Your Perfect Menu with RESTOSOFT IN

"RESTOSOFT IN" gives you the flexibility to customize menu items, categories, and offerings to perfectly match your restaurant's style and customer preferences. Easily tailor your menu to meet evolving customer demands, ensuring a personalized dining experience every time.

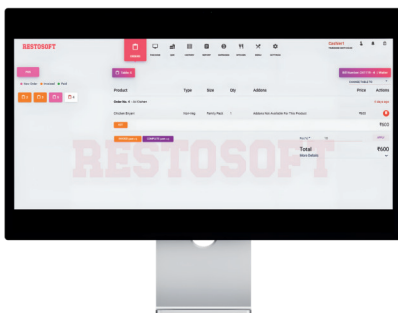

Customizable Table Setup

"RESTOSOFT IN" lets you tailor table numbers to fit your restaurant's layout, ensuring smooth operations for both Fine-Dine and QSR settings.

Easily Highlight Today's Specials with RESTOSOFT IN

With "RESTOSOFT IN" effortlessly create and update your "Today's Special" menu. Showcase your restaurant's unique dishes and seasonal offerings to attract customers and boost sales. It's fast, simple, and efficient—perfect for keeping your menu fresh and exciting!

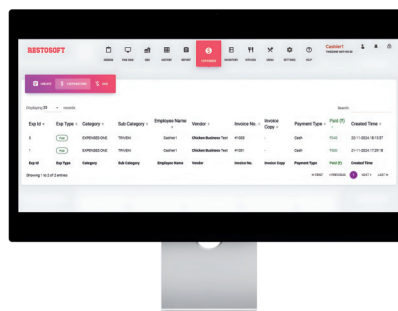

Simplified Order Taking with RESTOSOFT IN

The order-taking process with "RESTOSOFT IN" is designed for ease and speed: select an item, click the cart, and place the order in just three simple steps. It's that easy!

Efficient Service for Quick Service Restaurants (QSR)

The QSR feature streamlines your restaurant service, allowing you to take orders with ease and efficiency. With just a few simple touches, the order-taking process becomes smooth and hassle-free, ensuring fast service and satisfied customers.

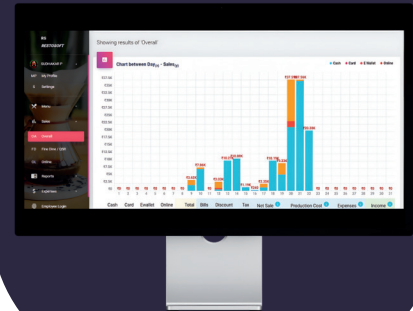

Simplified Expense Management with RESTOSOFT In

"RESTOSOFT IN" streamlines restaurant expense management by automatically recording all expenses and specific purchases. This feature provides a clear financial overview, helping you track costs and plan future spending more effectively.

Simplified Restaurant Business Reports

Centralized Monitoring Dashboard

"RESTOSOFT IN" brings all your data together on a single, intuitive dashboard. Monitor and manage your restaurant operations effortlessly with a user-friendly interface designed to streamline your workflow.

Comprehensive Reporting Made Easy

- **Sales Reports:** Track daily, weekly, monthly, and yearly sales trends.
- **Product-Wise Reports:** Analyze performance by product over any time period.
- **Stock Reports:** Monitor purchase stock and available inventory effortlessly.
- **Transaction Reports:** Keep track of all financial transactions with precision.
- **Cashier Reports:** Evaluate cashier performance with daily, weekly, monthly, and yearly breakdowns.

Boost Your Business with RESTOSOFT IN

- **Fine-Dining Restaurants:** Deliver exceptional experiences with streamlined management.
- **Cafes:** Simplify orders and improve customer satisfaction.
- **Quick Service Restaurants (QSRs):** Speed up service with efficient workflows.

- **Ice Cream Shops:** Manage seasonal menus and inventory seamlessly.
- **Food Courts:** Centralize operations for multiple outlets.
- **Bakeries:** Track inventory and sales with ease.
- **Bars & Breweries:** Simplify billing and inventory for smoother operations.

Seamless Payment Solutions with RESTOSOFT IN

Streamline your business operations with seamless payment integration. "RESTOSOFT IN" supports a variety of payment methods and outlet configurations, all managed effortlessly from a single, centralized dashboard.
